

School Box

To expand our service outside the cities currently served by the Kids In Need National Network of Resource Centers, the Foundation offers the **School Box program.**

By partnering with corporations and philanthropic organizations throughout the country, the School Box program of the Kids In Need Foundation provides completely assembled school supply kits to elementary and middle school children who otherwise would have to do without the basic tools for learning.

The School Box program is perfect for community back-to-school rallies and school supply giveaway projects.

School Box supply kits:

- are easy to carry, corrugated boxes with handles that can be printed with a sponsor's logo or tag line
- are filled with age appropriate, new, name brand school supplies
- are delivered to specific designated locations
- are easy to distribute school wide at assemblies or in classrooms

The School Box program provided free school supplies to children in Florida and Gulf Coast communities ravaged by Hurricane Katrina.

Kits are available in three configurations that are designed to meet the general needs of students in grades K-8. As an added bonus, the kit box also serves as a storage box for the students' supplies and work during the school year.

- Primary Kit: appropriate for kindergarten through second grade
- Elementary Kit: appropriate for third through fifth grade
- Junior High Kit: appropriate for sixth through eighth grade

A School Box program can be conducted in your community.
