What's In The Box?

One of the most popular Summit sessions in 2010 was the *Free Store School*. Attendees had an opportunity to ask a panel about best practices, challenges, anything that came to mind about operating a teacher free store.

This year we're inviting everyone to drop questions into a suggestions-style box throughout the event. We will close the Summit by addressing the questions from the box during the *Free Store School* session.

The session will be conducted in group discussion format, giving everyone a chance to ask and answer. As questions or thoughts surface during the event, jot them down on a card and drop them in the Free Store Box. We've allowed more time for sharing this year, too!
