INDEPENDENT AUDITORS' REPORT

Board of Directors
Kids In Need Foundation
Dayton, Ohio

We have audited the accompanying financial statements of **Kids In Need Foundation** (a nonprofit organization), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Kids In Need Foundation** as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of program and fundraising expenses, general and administrative expenses and support and program expenses - Twin City Resource Center on pages 16 - 18 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

KIDS IN NEED FOUNDATION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business - Kids In Need Foundation (the "Foundation") is a nonprofit organization. Their mission is to ensure that every child is prepared to learn and succeed by providing free school supplies nationally to students most in need.

To avoid the closing of the Twin Cities Resource Center, the Foundation took over the operations of the center in May 2012. The Center provides school supplies for use in the classrooms of low-income students in the Minneapolis and St. Paul school districts. Kids In Need Foundation donates to the Twin Cities Resource Center using the same process as the other network resource centers.

The Foundation's normal operations is to secure in-kind donations and distribute them to resource centers typically within the same accounting period. The resource centers are independently operated by nonprofit organizations that meet the Foundation's requirements.

Net Asset Classification - Accounting standards provide guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). The accounting standards requires disclosures about an organization's endowment funds, both donor restricted endowment funds and board designated endowment funds, whether or not the organization is subject to UPMIFA. Management has determined that the majority of the Foundation's net assets do not meet the definition of endowment under UPMIFA.

Temporarily restricted net assets consist of the remaining portion of donor-restricted endowment funds that are not classified as permanently restricted net assets. When donor restrictions expire, that is, when a stipulated time restriction ends or a purpose restriction is fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets represent the fair value of the original gift as of the gift date and the original value of subsequent gifts to donor-restricted endowment funds.

During the years ended December 31, 2014 and 2013, the Foundation has reviewed the endowment funds that are subject to UPMIFA and determined that its net assets are properly classified in accordance with UPMIFA and accounting standards.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations - The Foundation's support comes primarily from corporate and foundation donor contributions. During 2014 and 2013, 11% and 28% of the Foundation's cash support was provided by one major donor, respectively. The Foundation also receives substantial support of in-kind donations. For the years ended December 31, 2014 and 2013, two and three donors contributed 37% and 63%, respectively, of the in-kind donations received by the Foundation.

KIDS IN NEED FOUNDATION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Donated Materials and Services - Donated materials are recorded as contributions at their estimated fair values at the date of donation. Contributions of services are recognized in the financial statements if the services enhance or create non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The Foundation has recorded in-kind donations of product and services in the amount of \$119,759,060 and \$69,772,856 for the years ended December 31, 2014 and 2013, respectively.

Cash and Cash Equivalents - Interest-bearing deposits and short-term investments with original maturities of three months or less are classified as cash equivalents. Periodically during the year, the Foundation may have cash deposits in excess of federally insured limits. The Foundation has not experienced any losses in such accounts, and believes it is not exposed to any significant credit risk on cash.

Pledges Receivable - Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Unconditional pledges receivable to be collected in less than one year are recorded at net realizable value. Unconditional pledges receivable to be collected beyond one year are discounted to present value.

Inventory - Inventory consists of in-kind school supplies valued at fair market value on the date of the donation. The inventory is distributed through the Twin Cities Resource Center. The Center provides classroom supplies to low-income students in the Twin Cities area. Teachers shop free-of-charge at the Center.

Equipment - Purchased equipment over \$500 is stated at cost. Donated equipment is recorded at its fair market value at the date the donation is received. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets, ranging from five to seven years. At retirement or sale, the costs of the assets, less related accumulated depreciation, are removed from the accounts and the resulting gains and losses are included in income.

Depreciation expense for the years ended December 31, 2014 and 2013 was \$15,431 and \$15,542, respectively.

Investments - In accordance with accounting standards, investments in equity securities with readily determinable fair values and all investment in debt securities shall be measured at fair market values in the statements of financial position.

Unrealized appreciation and depreciation on investments shall be reported in the statements of activities as increases or decreases in support and revenue unless their use is restricted by explicit donor stipulations or by law.

KIDS IN NEED FOUNDATION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Affiliate Network Revenue - The Foundation recognizes affiliate network revenue as the funds are received for membership dues. These dues are from those affiliate member organizations joining the Foundation's National Network of Kids In Need Resource Centers.

Advertising Expense - Advertising costs are expensed as incurred. Advertising and promotion expense was \$83,982 and \$43,097 for the years ended December 31, 2014 and 2013, respectively.

Tax-Exempt Status - The Foundation is operated as a nonprofit organization and is tax exempt under IRS Code Section 501(c)(3). Accordingly, no provision for income tax is presented in these financial statements.

Accounting for Uncertainty in Income Taxes - The Foundation has adopted accounting rules that prescribe when to recognize, and how to measure the financial statement effects of income tax positions taken, or expected to be taken, on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Foundation only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on its review, management does not believe the Foundation has taken any material uncertain tax positions, including any position that would place the Foundation's exempt status in jeopardy as of December 31, 2014. The federal tax returns of the Foundation for 2013, 2012, and 2011 are subject to examination by taxing authority, generally for three years after the due date.

Reclassifications - Certain prior year amounts have been reclassified to conform with current year presentation.

Subsequent Events - In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through June 1, 2015, the date the financial statements were available to be issued.

KIDS IN NEED FOUNDATION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE E - FAIR VALUE MEASUREMENTS

Accounting standards define fair value, outline a framework for measuring fair value and detail the required disclosures about fair value measurements. The Foundation has adopted these accounting standards. The standards require that certain non-financial assets and liabilities be recognized or disclosed at fair value. At the present time, the Foundation does not have any non-financial assets or liabilities that would require fair value recognition or disclosures under these standards.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or most advantageous market. The Foundation uses a fair value hierarchy that has three levels of inputs, both observable and unobservable, with use of the lowest possible level of input to determine fair value. Level 1 inputs include quoted market prices in an active market or the price of an identical asset or liability. Level 2 inputs are market data, other than Level 1, that are observable either directly or indirectly. Level 2 inputs include quoted market prices for similar assets or liabilities, quoted market prices in an inactive market, and other observable information that can be corroborated by market data. Level 3 inputs are unobservable and corroborated by little or no market data. The Foundation uses valuation techniques in a consistent manner from year-to-year.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Money market and equity mutual funds: Valued at the net asset value (NAV) of shares held by the Foundation at year-end, as based on quoted market prices.

The Foundation recognizes transfers into and out of levels at the end of the reporting period. There were no transfers between levels in the years ended December 31, 2014 and 2013.

Fair values of the Foundation's financial assets measured on a recurring basis are as follows:

	<u>2014</u>			
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

KIDS IN NEED FOUNDATION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE G - ENDOWMENT FUNDS AND NET ASSETS

The Foundation's permanently restricted net assets as of December 31, 2014 and 2013 are not held in a separate endowment fund, but are part of the Foundation's total cash and investment portfolio. At the end of each year, an allocation is made to an unrestricted net asset account for gains or losses from the permanently restricted fund. For the years ended December 31, 2014 and 2013, \$10 and \$6, respectively, in net gains were allocated to the fund's unrestricted balance. Upon approval of expenditures, amounts are considered to be appropriated for expenditure.

The Foundation's investment policy states that its investments are intended to function as a long-term investment portfolio. The primary investment objectives of the Foundation are to outperform inflation over the long term, to maximize the return within reasonable and prudent levels of risk, to maintain adequate liquidity for spending purposes, to produce a level of investment return that will produce real principal growth after inflation and spending, to minimize volatility, recognizing the asset allocation strategy being employed, and to broadly diversify holdings, thus minimizing the risk of large losses in the individual investments.

NOTE H - OPERATING LEASES

The Foundation leases office space under an operating lease agreement. This lease was renewed through February 2015, with an annual rent of \$21,840. In December 2013, the Foundation renegotiated this lease for less space for an annual rent of \$16,800 for the lease term of March 2014 through February 2015.

The Foundation leased store space for the Twin Cities resource center under an operating lease agreement. The lease started in April 2012 and expired June 2014. The monthly lease payment was \$6,000 for the first 11 months and \$8,000 for remaining lease period. There is no additional charges for any other expenses including the common area maintenance, taxes or insurance.

The Foundation moved locations for the Twin Cities resource center. The lease is an operating lease that started in October 2014 and expires November 2024. The lease has a option to renew for an additional five years. Terms of the lease include tenant inducements, which are abatements to the rental amounts due along with a graduated rent schedule. Tenant abatements of \$10,587 pertained to the first two months of rent. The Foundation is recognizing rent expense on a straight line basis so that the graduated rent and benefits of the abatement are spread evenly over the initial lease term. Deferred rent for the year ended December 31, 2014 was \$12,145. The Foundation is responsible for all interior maintenance and repairs, taxes, and insurance.

The Foundation leases office equipment under various operating lease agreements for total monthly payment of \$628, which expire at various times through June 2018.

Rent expense on these leases was \$119,409 and \$113,909 for the years ended December 31, 2014 and 2013, respectively.

Future minimum lease payments over the next five years and beyond are as follows:

2015	\$	77,088
2016		69,756
2017		69,756
2018		69,756
2019		69,756
Beyond		331,339

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE I - PENSION AND EMPLOYEE SAVINGS PLAN

The Foundation adopted an individual retirement account plan in July 2008 that covers substantially all employees. The covered employees may contribute up to the annual allowable amount as set by the IRS. The Foundation is required to match 100% of its covered employees' elective contributions up to elective contributions of 3% of gross compensation. The expenses related to this plan for the years ended December 31, 2014 and 2013 were \$19,756 and \$19,121, respectively.

NOTE J - PROGRAM EXPENSE RATIO

For both years ended December 31, 2014 and 2013, 98% of the support and revenue received has been expended for the educational programs that the Foundation supports.

NOTE K - BOARD-DESIGNATED NET ASSETS

During 2004, the Foundation established an endowment fund. The fund was started with a transfer of \$10,000 from the Foundation. The intent of the fund is to obtain outside donations and further board designated amounts to obtain an initial amount of \$50,000 and to use the earnings on the endowment to aid in the general operations of the Foundation. During 2004, the endowment fund received a permanently restricted donation from an outside donor in the amount of \$5,000. This amount is being shown on the Statements of Financial Position as a permanently restricted item.

The value of the endowment account included in the investments amounted to \$23,625 and \$23,523 as of December 31, 2014 and 2013, respectively.

NOTE L - DESCRIPTION OF PROGRAM AND SUPPORTING SERVICES

The following program and supporting services are included in the accompanying financial statements:

Kids in Need National Network of Resource Centers - The National Network includes affiliate free stores where teachers can obtain free school supplies for students whose families are unable to purchase what the students need to participate in classroom activities. The Foundation receives cash to support the procurement of product, as well as in-kind donations of excess inventory, unsellable, returned or slightly damaged merchandise, outdated product, etc. These items are then distributed from the various resource centers to teachers who give them to their students in need of the supplies.

Teacher Grants - At least 80% of contributions received are awarded annually to certified pre K-12 teachers for creative projects costing between \$100 and \$500.

School Ready Supply Program - The Foundation seeks sponsors to provide school supplies to children in need. Under this program, the Foundation provides backpacks carrying school supplies for children in need. These school supplies are shipped to various schools and approved charities.

NOTE L - DESCRIPTION OF PROGRAM AND SUPPORTING SERVICES - continued

Second Responder® Program - The Foundation provides free school supplies to students who have been affected by a natural disaster, such as a tornado, hurricane, wildfire, or flood, to facilitate their recovery from the trauma of their experience and help them resume their normal routine.

Twin Cities Resource Center - In 2012, the Foundation took over the operations of a resource center in Twin City, Minneapolis. The Center provides school supplies for use in the classrooms of low-income students in the Minneapolis and St. Paul school districts. Teachers shop free-of-charge at the Center. From January 1, 2013 through December 31, 2014, the Twin Cities Resource Center served 107 schools with a total of 5,072 eligible teachers who were invited to shop for free supplies. Each teacher that shopped selected an average of \$533 worth of free school supplies per visit.

Summit - The Foundation has an annual conference which offers the staff and volunteers of the Resource Centers in the National Network and other free stores for teachers across the U.S. an opportunity to share best practices and participate in training sessions related to fundraising, merchandising, inventory management, store design, marketing, and other areas of operation.
