

Helping Teachers Get School Supplies Into Their Classrooms

CHALLENGE

2017 was the inaugural year of the Teacher Supply Boxes and it was a huge success. We were thrilled to receive a staggering 11,000 applications during the month long application window and able to provide awards to 650 teachers and their classrooms.

From Massachusetts to Southern California and Florida to Washington teachers were awarded these amazing Teacher Supply Boxes. This means we were able to provide nearly 20,000 students with the core supplies needed to excel in the classroom.

OPPORTUNITIES

For us to accomplish these goals we need additional support this year. Along with knowing your partnership will impact thousands of children with the supplies necessary to learn and thrive, your organization's name and logo will be prominently featured on each box that is shipped and you will be invited to provide promotional materials to be included in each box.

In 2018, we are committed to growing the number of students served from 20,000 to 40,000 and we need all the help we can get!
